• Hours By Appointment •

KB's Equine Laundry offers quality care of your equine products.

Blankets are an investment to be protected. Horse Laundry is all we do. Our service allows you to be able to keep your blankets in shape for years to come with regular laundering . No more sneaking into all-nite Laundromats while most people are in bed sleeping!

Before going into the washer each blanket is given a thorough vacuum to remove as much hair as humanly possible. Your blankets will go through a pre-wash, wash and three rinses in our new, state of the art commercial washer-extractors and dryers. WOW, do they get clean!! All Blankets are air-dried. We take pride in our work and special care of your equine laundry.

We use a gentle, organic, hypoallergenic laundry soap and a sanitizer/deodorizer. Your blankets will be returned clean and fresh in just a day or two.

We are proud to offer, for your convenience, blanket & tack repair (separate charge) provided by Chuck Grieve of K Bar K. Your blanket will be laundered and taken, per your request, for any repairs that may be needed.

ALL Prices include Prewash, Wash, Sanitize and Three Rinses
